

ADMISSIONS OFFICE // FREQUENTLY ASKED QUESTIONS

1. Are MCL Senior High School graduates guaranteed entry to MCL/Mapúa College?

This depends on whether the strand taken by the student is aligned with the course that he or she will be taking in college. MCL Senior High School graduates who took up STEM, for example, will be accepted into Engineering programs under MCL or Mapúa without further assessment. Those who will take up courses not aligned with their strands (for example, ABM graduates who will take Engineering in college) will have to take a diagnostic exam, however.

2. What are the other options in case I don't qualify after taking the MCL Senior High School Entrance Exam (MCL-SHSEE)?

Admission to MCL Senior High School is open. The MCL-SHSEE is a diagnostic exam which will assess if the applicant's preferred strand is suitable for him/her rather than a qualifying exam where the results are pass or fail. The MCL-SHSEE will also be the basis for certain scholarships.

3. What are the strands offered by MCL?

MCL Senior High School is offering all strands under the Academic Track (STEM, ABM, HUMSS and PBM) and three tracks under the Technical-Vocational-Livelihood Track (HE and ICT).
