DEBRIEFING OF EXERCISE IN WHICH PEER ASSESSMENT IS INCLUDED	

Date	
-------------	--

Title of Simulation Exercise:	
--------------------------------------	--

Compliance to STCW Code Section A-I/12, par. 7.5
 In conducting mandatory simulator-based training, instructors shall ensure that trainees are effectively debriefed to ensure that training objectives have been met and that operational skills demonstrated are of an acceptable standard.

The following items shall be considered in carrying out debriefing after simulation training exercise:	Done (Yes/No)	Remarks/Comments
1. Stating to trainees the purpose of the debriefing exercise and encourage peer review.		
2. Asking the trainee how they went about with the exercise and what where the difficulties encountered		
3. Providing the result of their action and performance using the checklist provided and a print out of the exercise showing the track of the		
4. Stating whether the specific learning objective was achieved during the exercise or not.		
5. Stating and acknowledge the strength or the correct actions that they had demonstrated.		
6. Encouraging them to try again if the objective was not achieved and give good hope of success and require them to repeat the exercise.		
7. Playing back a scenario to analyze the actions and judgment of the bridge team. This will assist in assessing team and individual performance.		
8. These observers will open the debriefing by critically examining and commenting on two questions: what went right and what could be improved?		
9. Encouraging Peer feedback (Provide Peer feedback form)		
10. Always be diplomatic in any objection of the trainee and take note of their comment regarding the simulation exercise.		
11. Other concern: (use extra pages if necessary)
